

EP Triple Grain Mix

A versatile blend of grains blended with molasses and oil.

EquinePro Triple Grain Mix is an ideal energy source for supplementing the diets of horses fed high quality forages and pastures.

Made from a selection of steam rolled barley, steam rolled oats, cracked maize, blended with molasses and oil, **EP Triple Grain Mix** presents the horse with a highly palatable feed. The steam rolled grains provide improved digestibility over unprocessed grains.

EP Triple Grain Mix does not contain added vitamins or minerals, making it suited for mixing with other vitamin and mineral supplements.
