## Available in:

- 20kg
- Bulka Bags

A high quality mix for horses mostly resting, in light work or showing

**EquinePro® Pleasure** is a highly palatable blend of cool energy sources, protein meals and omega fatty acids combines with a high quality amino acid, mineral, trace mineral (including organic minerals) and vitamin balancer pellet for optimal horse health and wellbeing.

Suitable for horses that are mostly resting, or in light work, have specific requirements for high quality protein sources and other nutrients for optimal health.

**EquinePro® Pleasure** is based on years of research into the nutrient requirements of non-race horses and has key nutrients to promote skeletal and cartilage health, skin and coat condition and gastrointestinal health and appetite.

Added minerals and trace minerals are balanced to promote bone and joint strength, electrolyte balance and nerve function while vitamins play a role in the release of energy. The formulation of **EquinePro® Pleasure** is designed to promote optimal health and wellbeing of resting and lightly worked horses.

**EquinePro® Pleasure** formulation has been scientifically balanced against typical Australian pastures and roughage sources promoting optimal nutrient supply when offered at recommend feeding rates.

## Feeding:

- Introduce **EquinePro® Pleasure** into the diet slowly over 7 to 14 days
- Ensure your horse has access to clean, fresh water at all times
- Plus 1-2kg lucerne chaff and free access to additional roughage as hay/pasture

## EquinePro® Pleasure (kg)

Horses in light to moderate work 1.5kg - 3kg

With over 30 years experience in the Grain Industry, **EquinePro®** has an established history of providing quality products with superior service.

Our dedicated Equine manufacturing site has specialised in manufacturing equine feeds since 2004.

All of our sites are accredited under FeedSafe® - The quality assurance program of the SFMCA. This ensures all products are of the highest quality and standard.
